

4 Little-Known Benefits of Our PLASTIC MIX STIR

- 1 It can handle the largest containers.**
At 24" long, it is probably the longest degassing rod available in the market.
- 2 It's reinforced.**
We've strengthened this rod so it's harder than ever to break.
- 3 Turbo power.**
Strong and powerful blades act like a turbine for maximum mixing and stirring efficiency.
- 4 It's made with the finest materials.**
The plastic mix stir is made with Food Grade Materials and a Stainless Steel insert.
